Pender Alternative Arbitrage Plus Fund — Class F

(formerly Class I)

June 26, 2026

This document contains key information you should know about Pender Alternative Arbitrage Plus Fund. You can find more detailed information in the fund's simplified prospectus. Ask your representative for a copy, contact PenderFund Capital Management Ltd. (Pender) at 1-866-377-4743 or info@penderfund.com or visit www.penderfund.com.

Before you invest in any fund, consider how it would work with your other investments and your tolerance for risk.

This mutual fund is an alternative mutual fund. It is permitted to invest in asset classes or use investment strategies that are not permitted for conventional mutual funds. The specific strategies that differentiate this fund from conventional mutual funds include: Increased use of derivatives for hedging and non-hedging purposes; increased ability to sell securities short; the ability to borrow cash to use for investment purposes; and increased ability to invest in physical commodities. While these strategies will be used in accordance with the fund's investment objectives and strategies, during certain market conditions they may accelerate the pace at which your investment decreases in value.

What does the fund invest in?

The fund invests primarily in North American securities. The fund may also invest in foreign and other securities. The fund will use alternative investment strategies including the use of leverage. The leverage will be created through the use of cash borrowings, short sales and derivative contracts. The fund's leverage must not exceed 300% the fund's net asset value. The leverage will be calculated in accordance with the methodology prescribed by securities laws.

How risky is it?

The value of the fund can go down as well as up. You could lose money. One way to gauge risk is to look at how much a fund's returns change over time. This is called "volatility".

In general, funds with higher volatility will have returns that change more over time. They typically have a greater chance of losing money and may have a greater chance of higher returns. Funds with lower volatility tend to have returns that change less over time. They typically have lower returns and may have a lower chance of losing money.

Risk rating

Pender has rated the volatility of Class F of the fund as low.

This rating is based on how much the fund's returns have changed from year to year. It doesn't tell you how volatile the fund will be in the future. The rating can change over time. A fund with a low risk rating can still lose money.

Low	Low to Medium	Medium	Medium to High	High

For more information about the risk rating and specific risks that can affect the fund's returns, see the section titled "What is a Mutual Fund and What are the Risks of Investing in a Mutual Fund" in the fund's simplified prospectus.

No guarantees

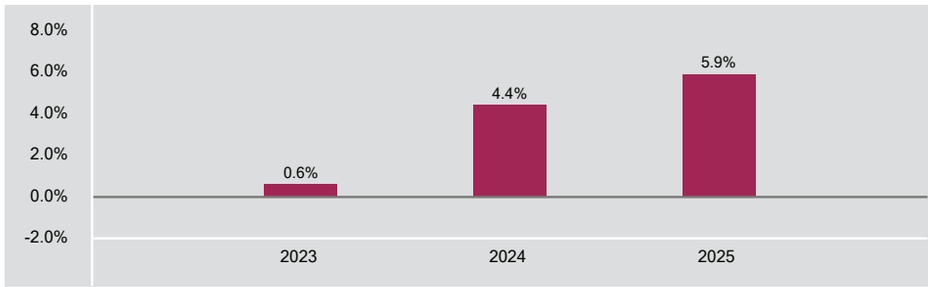

Like most mutual funds, this fund doesn't have any guarantees. You may not get back the amount of money you invest.

How has the fund performed?

This section tells you how Class F units of the fund have performed over the past 3 calendar years. Returns are after expenses have been deducted. These expenses reduce the fund's returns.

YEAR-BY-YEAR RETURNS

This chart shows how Class F units of the fund have performed in each of the past 3 calendar years. The fund did not drop in value in any of those years. The range of returns and change from year to year can help you assess how risky the fund has been in the past. It does not tell you how the fund will perform in the future.

BEST and WORST 3-MONTH RETURNS

This table shows the best and worst returns for Class F units of the fund in a 3-month period over the past 3 years. The best and worst 3-month returns could be higher or lower in the future. Consider how much of a loss you could afford to take in a short period of time.

	Return	3 months ended	If you invested $1,000 at the beginning of the period
Best return	4.0%	June 30, 2025	Your investment would rise to $1,040.
Worst return	-2.4%	October 31, 2023	Your investment would drop to $976.

AVERAGE RETURN

The annual compounded return of Class F units of the fund was 3.4% since inception. If you had invested $1,000 in the fund since inception, your investment would be now worth $1,130.

Who is this fund for?

This fund is suitable for investors who want modest capital growth. This fund is suitable for investors who want to invest in a portfolio of securities focused on merger arbitrage. The fund will use leverage to enhance its returns. Investors in this fund should have a long-term investment time horizon and a low tolerance for investment risk. Do not invest in this fund if you are seeking a long only equity investment strategy focused on maximizing returns.

A word about tax

In general, you pay income tax on your share of the fund's earnings and on any gains you realize from redeeming your investment. The amount of tax depends on the tax rules and rates that apply to you, and whether you hold the fund in a registered plan, such as an RRSP or TFSA.

Keep in mind that if you hold your fund in a non-registered account, fund distributions are included in your taxable income, whether you get them in cash or have them reinvested.

How much does it cost?

The following tables show the fees and expenses you could pay to buy, own and sell Class F units of the fund. The fees and expenses – including any commissions – can vary among classes of a fund and among funds. Higher commissions can influence representatives to recommend one investment over another. Ask about other funds and investments that may be suitable for you at a lower cost.

1. SALES CHARGES

There are no sales charges for Class F units of the fund.

2. FUND EXPENSES

You don't pay these expenses directly. They affect you because they reduce the fund's returns. The fund will pay to the Manager a performance fee in relation to Class F units that is equal to 15% of the amount by which the total return of the Class F units exceeds its high-water mark for the period since the performance fee was last paid, exclusive of taxes. The performance fee is calculated as described in the Simplified Prospectus on a daily basis and paid annually. As of December 31, 2025, the expenses of Class F were 4.35% of the value of this class. This equals $43.50 for every $1,000 invested. Performance fees were 1.30% of the expenses, this equals $13.00 for every $1,000 invested. Since December 5, 2025, the management fees and administration fees for this class of units have changed. Refer to the Simplified Prospectus for further details.

	Annual rate (as a % of the class' value)
Management expense ratio (MER) This is the total of the fund's management fee (including, if applicable, the trailing commission) and administration fee.	2.50%
Trading expense ratio (TER) These are the fund's trading costs for this class.	1.85%
Fund expenses	4.35%

More about the trailing commission

No trailing commission is paid by Pender to your representative's firm in respect of Class F securities.

3. OTHER FEES

You may have to pay other fees when you buy, hold, sell or switch units of the fund.

Fee	What you pay
Short-term trading fee	You may be charged up to 2.00% of the value of units you sell or switch within 30 days of buying them. This fee goes to the fund.
Switch fee	Your representative's firm may charge you up to 2.00% of the value of units you switch to another class of the fund or to another fund managed by Pender.
Fee-based account fee	You may pay a fee-based account fee, which is negotiated between you and your representative, and paid directly to your representative's firm. Investors who purchase this class of the fund generally participate in an eligible fee-based program with their representative's firm.

What if I change my mind?

Under the securities law in some provinces and territories, you have the right to:

- withdraw from an agreement to buy mutual fund units within two business days after you receive a simplified prospectus or Fund Facts document; or
- cancel your purchase within 48 hours after you receive confirmation of the purchase.

In some provinces and territories, you will also have the right to cancel a purchase, or in some jurisdictions, claim damages, if the simplified prospectus, annual information form, Fund Facts document; or financial statements contain a misrepresentation. You must act within the time limit set by the securities law in your province or territory.

For more information, see the securities law of your province or territory or ask a lawyer.
