How risky is it?

The value of the fund can go down as well as up. You could lose money. One way to gauge risk is to look at how much a fund's returns change over time. This is called "volatility".

In general, funds with higher volatility will have returns that change more over time. They typically have a greater chance of losing money and may have a greater chance of higher returns. Funds with lower volatility tend to have returns that change less over time. They typically have lower returns and may have a lower chance of losing money.

Risk rating

Pender has rated the volatility of Class F of the fund as medium to high.

This rating is based on how much the fund's returns have changed from year to year. It doesn't tell you how volatile the fund will be in the future. The rating can change over time. A fund with a low risk rating can still lose money.

Low	Low to Medium	Medium	Medium to High	High
-----	---------------	--------	----------------	------

For more information about the risk rating and specific risks that can affect the fund's returns, see the section titled "What is a Mutual Fund and What are the Risks of Investing in a Mutual Fund" in the fund's simplified prospectus.

No guarantees

Like most mutual funds, this fund doesn't have any guarantees. You may not get back the amount of money you invest.

How has the fund performed?

This section tells you how Class F units of the fund have performed over the past 10 calendar years. Returns are after expenses have been deducted. These expenses reduce the fund's returns.

YEAR-BY-YEAR RETURNS

This chart shows how Class F units of the fund have performed in each of the past 10 calendar years. The fund dropped in value in 3 of the 10 calendar years. The range of returns and change from year to year can help you assess how risky the fund has been in the past. It does not tell you how the fund will perform in the future.

BEST and WORST 3-MONTH RETURNS

This table shows the best and worst returns for Class F units of the fund in a 3-month period over the past 10 years. The best and worst 3-month returns could be higher or lower in the future. Consider how much of a loss you could afford to take in a short period of time.

	Return	3 months ended	If you invested \$1,000 at the beginning of the period
Best return	38.3%	January 31, 2021	Your investment would rise to \$1,383.
Worst return	-32.4%	March 31, 2020	Your investment would drop to \$676.

AVERAGE RETURN

The annual compounded return of Class F units of the fund was 4.9% over the past 10 years. If you had invested \$1,000 in the fund 10 years ago, your investment would be now worth \$2,004.

Who is this fund for?

This fund is suitable for investors who want to maximize the long-term potential growth of their capital.

This fund is suitable for investors who want to invest in a portfolio of North American equities.

Investors in this fund should have a long-term investment time horizon and a medium to high tolerance for investment risk.

This fund is not suitable for those with a low tolerance for risk in their returns or for those who have a short or medium time horizon for their investment.

A word about tax

In general, you pay income tax on your share of the fund's earnings and on any gains you realize from redeeming your investment. The amount of tax depends on the tax rules and rates that apply to you, and whether you hold the fund in a registered plan, such as an RRSP or TFSA.

Keep in mind that if you hold your fund in a non-registered account, fund distributions are included in your taxable income, whether you get them in cash or have them reinvested.

How much does it cost?

The following tables show the fees and expenses you could pay to buy, own and sell Class F units of the fund. The fees and expenses – including any commissions – can vary among classes of a fund and among funds. Higher commissions can influence representatives to recommend one investment over another. Ask about other funds and investments that may be suitable for you at a lower cost.

1. SALES CHARGES

There are no sales charges for Class F units of the fund.

2. FUND EXPENSES

You don't pay these expenses directly. They affect you because they reduce the fund's returns. As of June 30, 2025, the expenses of Class F were 1.42% of the value of this class. This equals \$14.20 for every \$1,000 invested.

	Annual rate (as a % of the class' value)
Management expense ratio (MER)	1.31%
This is the total of the fund's management fee (including, if applicable, the trailing commission) and administration fee.	
Trading expense ratio (TER)	0.11%
These are the fund's trading costs for this class.	
Fund expenses	1.42%

More about the trailing commission

No trailing commission is paid by Pender to your representative's firm in respect of Class F securities.

3. OTHER FEES

You may have to pay other fees when you buy, hold, sell or switch units of the fund.

Fee	What you pay
Short-term trading fee	You may be charged up to 2.00% of the value of units you sell or switch within 30 days of buying them. This fee goes to the fund.
Switch fee	Your representative's firm may charge you up to 2.00% of the value of units you switch to another class of the fund or to another fund managed by Pender.
Fee-based account fee	You may pay a fee-based account fee, which is negotiated between you and your representative, and paid directly to your representative's firm. Investors who purchase this class of the fund generally participate in an eligible fee-based program with their representative's firm.

What if I change my mind?

Under the securities law in some provinces and territories, you have the right to:

- withdraw from an agreement to buy mutual fund units within two business days after you receive a simplified prospectus or Fund Facts document; or
- cancel your purchase within 48 hours after you receive confirmation of the purchase.

In some provinces and territories, you will also have the right to cancel a purchase, or in some jurisdictions, claim damages, if the simplified prospectus, annual information form, Fund Facts document; or financial statements contain a misrepresentation. You must act within the time limit set by the securities law in your province or territory.

For more information, see the securities law of your province or territory or ask a lawyer.

David Barr, CFA CEO & Portfolio Manager

David Barr is Pender's CEO and a Portfolio Manager of several of Pender's funds. He began his investing career in 2000 and has been with Pender since 2003. David holds a Bachelor of Science degree from the University of British Columbia and an MBA from the Schulich School of Business, York University. He earned his CFA designation in 2003 and is a past President of CFA Society Vancouver.

Teresa Lee, CFA Head of Equity Research and Portfolio Manager

Teresa Lee joined Pender in January 2026 as Head of Equity Research and Portfolio Manager on the Equity team, bringing over 25 years of investment experience. She began her career in 1995 as a trader and analyst at a British multinational insurance company, moving into small cap management in 1998. She spent 16 years at a Canadian independent investment firm, leading small cap, all cap and high conviction mandates, and became Co-CIO in 2015. After retiring in 2020 to focus on other projects and private investments—while remaining active in public markets—she returned to full-time investing with Pender. She works with David Barr on the Pender Global Small/Mid Cap Equity Fund and leads fundamental equity strategy. Teresa holds a Bachelor of Commerce from the University of British Columbia and earned her CFA designation in 1998.

Amar Pandya, CFA Portfolio Manager

Amar Pandya is a Portfolio Manager at Pender and began his investment career in 2011 in the Portfolio Management Training Program at a large global financial services company. He moved to pursue his passion for equities becoming an Associate Portfolio Manager at a large-cap equity value firm before joining Pender in 2017. Amar has developed an expertise in event driven investing with a primary focus on M&A and balance sheet driven special situations. Amar holds a Bachelor of Commerce degree in Finance (Honours) from the University of Manitoba. He earned his Chartered Financial Analyst designation in 2015 and is actively involved with CFA Society Vancouver where he serves as Co-Chair of the Programs Committee.

Felix Narhi, CFA Senior Equity Analyst

Felix Narhi is a Senior Equity Analyst at Pender. He has also served as Portfolio Manager on a number of Pender's funds and was Chief Investment Officer from 2016 to 2024, a period during which the firm grew significantly and was recognized with multiple industry awards. Before joining Pender in 2013, Felix spent over nine years at a value-oriented investment firm in Vancouver, contributing thought leadership and US equity ideas. He holds a Bachelor of Commerce from the University of British Columbia. He earned his CFA designation in 2003 and is a member of CFA Vancouver.

Sharon Wang Senior Equity Analyst

Sharon Wang is a Senior Equity Analyst. Prior to joining Pender in 2013, she was a Research Associate at a brokerage firm based in Vancouver where she specialized in the information technology and consumer product sectors, and special situations. Sharon holds a BA in English Literature, a MSc Finance from the Carroll School of Management at Boston College, MA and has completed the CFA Program.

Tracy Tidy, CFA Equity Analyst

Tracy Tidy is an Equity Analyst. She began her investing career as an Institutional Equity Sales Trader for two multi-national investment firms before moving to a well-regarded deep-value asset manager based in Vancouver where she spent ten-years as an Associate Vice President focusing on global companies. Tracy holds a Bachelor of Business Administration degree from Simon Fraser University and is a CFA charterholder. She also holds the ICD.D designation from the Institute of Corporate Directors.

Ruben Gomez-Garcia Equity Analyst

Ruben Gomez-Garcia is an Equity Analyst. Prior to joining Pender, he was an Equity Research Associate at RBC where he covered diversified financials. Ruben holds a Bachelor of Business Administration in Finance with distinction from Simon Fraser University, where he graduated as valedictorian of the Beedie School of Business.
